

Spring Fling: Early Childhood and the Expanded Core Curriculum (ECC)

Date: April 12, 2018
Time: 8:30-4:00 (Registration 8:00-8:30)
Cost: \$50.00
Location: NCECBVI
Registration: <https://goo.gl/forms/5GFLBsUN2WNRyOy2>
Topics: *Expanded Core Curriculum for Birth to Three and Early Literacy*

Presenters:

-**Luanne Stordahl** has worked in the field of early intervention for the past 20 years with the last 10 years as a developmental vision specialist with the New Mexico School for the Blind and Visually Impaired. Luanne loves building relationships with families and has a special interest in work around routines based intervention, building family capacity, and fostering a love for literacy in our youngest children.

-**Andrea Montano** has been an Occupational Therapist for 20 years and a developmental vision specialist for 11 years. She loves working in Early Intervention and particularly enjoys gaining further understanding of visual processing issues and their interplay with global sensorimotor development.

-**Julie Maner** has been working in early intervention as a Physical Therapist for 21 years and an Orientation and Mobility Specialist at The New Mexico School for the Blind and Visually Impaired for 10 years. She loves introducing O&M concepts to families and collaborating with other service providers.

Housing: Unavailable at NCECBVI due to construction.
